Sent by Email: bastien.wallace@bicyclensw.org.au

Dear Mr Wallace *Bastien*

I am writing in relation to the enquiry you raised with regard to the delivery of safe cycleways during and post-construction of the Parramatta Light Rail project.

At the time I wrote to the Hon Andrew Constance MP, Minister for Transport and Roads on your behalf.

My office has now received the attached response.

Mr Wallace, if you feel the response does not address all of your concerns, please do not hesitate to request that further representations be made on your behalf. I note that the importance of feedback from groups such as Bicycle NSW is highlighted and I would encourage your organisation to continue providing valuable input.

Once again thank you and I wish you all the best.

Yours sincerely

Geoff Lee

Dear Ms Wallace

Thank you for your correspondence to the Member for Parramatta, which was referred to the Minister for Transport and Roads, about the Parramatta Light Rail project. The Minister has asked me to respond on his behalf.

I am advised that Transport for NSW is taking lessons learned from light rail projects around the country when it comes to the safety and wellbeing of pedestrians and cyclists. Safety is and will continue to be the priority at all design, construction and operating stages of the project.

I am also advised that the cycling paths that form part of the Parramatta Light Rail program remain under development with light rail delivery partner Parramatta Connect.

I am further advised that Transport for NSW aims to deliver a cycling and pedestrian network that will respond to and address important feedback such as yours. The input of key stakeholders such as Bicycle NSW will be welcome at all stages of the project.

I trust this information is of assistance.

Yours sincerely

28/09/2020

Eleni Petinos MP
Parliamentary Secretary for Transport and Roads
